A NOTE FROM THE ATELIER

Wisdom chooses the path. Beauty brings it to life. Dress both. Mix everything. Create your own modern myth.

HOW TO USE YOUR DIGITAL DOLLS

Cut • fold • dress • remix

1

Choose your doll

Minerva and Venus share one wardrobe scale, so every outfit can be mixed between them.

2

Cut carefully

Cut around each solid outer contour. Leave the cream paper tabs attached.

3

Fold the tabs

Fold tabs backward, place the outfit over the doll, then fold tabs gently around the shoulders and sides.

4

Make it last

For a sturdier collectible, mount dolls on thin card stock before cutting. Store outfits in an envelope.

CRAFT SAFETY

Scissors are sharp. Younger crafters should ask an adult for help. Cutout sheets have blank reverse pages so the artwork is not sacrificed when removed.
